Parents Work To Ready Day School For Term

Last Saturday was work day at the Everglades Memorial Hospital which is being converted into the Day School of the Glades. Throughout the day many of the parents whose children will attend the school this year, worked untiringly in an effort to get the building refurbished and remodeled for the beginning of the school.

The parents returned Tuesday night to enjoy an outdoor barbecue given by Melvin Spooner and Harold Wilkinson, after which they met in the assembly room to discuss matters of interest. The evening concluded with a tour of the classrooms where the teachers had posted signs of needs such as chalkboard, table, bulletin board, etc. Parents chose what they wished to contribute to their child's classroom and signed their names on the signs.

The Day School will keep the same calendar schedule as the public schools, opening on Friday, September 1st. All classes begin at 8:25. Kindergarten will dismiss at 11:30; the first month first grade will leave at 2:00, and thereafter at 2:30; and the second through the ninth grades will dismiss at 3:00.

Mrs. Miriam Burgess, Belle Glade, formerly Dean of Girls at Belle Glade Junior High, is Headmistress, and will teach Mathematics. Staff members to date are: Mrs. Bert Ferguson, Secretary; Mrs. Kay Korby, Kindergarten; Mrs. Barbara Rosenberg, Kindergarten and Music; Mrs. Kay Fleming, Third and Fourth Grades; Miss Carol Hummel, Fifth and Sixth Grades; Mrs. Betty Thiebaut, English and Social Studies, Junior High; Mrs. Sara Rionda, Spanish.

Baptists Will Hear Special Speaker Sunday

The Canal Point Baptist Church will have a special guest speaker on Sunday night, September 3, at the Adult Training Union meeting. The public is cordially invited to attend this special meeting and listen to a local citizen with an interesting story to tell.

During the past few weeks at the Training Union hour, several people have given interesting talks. The talks began with Mrs. Frances Edmonston giving her personal testimony, then Al Cross, assistant director of the Dunkin Memorial Camp at Indiantown gave a talk on "Alcoholism" which was both interesting and informative.

On Sunday, August 27, C. R. Wetherington gave a talk on "Ministering to the Bereaved." A good turnout was present at the meeting with Mr. Wetherington giving a very impressive talk on a subject which is close to everyone at some time or another.

Mrs. H. C. Boynton returned to her home in Canal Point last Wednesday after spending the past six weeks with her daughter, Mrs. Max Beverly, in Ochlocknee, Georgia.

Williams Clan Annual Meet On October 7

GRACEVILLE, Fla.—Florida's Williams Family, hailed as the world's happiest, will hold its 64th annual reunion at the Galilee Tabernacle October 7. More than 2,000 kinsmen are expected, as usual.

John D. Rogers of the Pahokee Drainage District is a member of the group and has been offered official positions by his kinsmen. In all probability he will attend the annual meet in Graceville in October.

Since the family first gathered in 1903, the Williams clan has returned again and again to share fellowship and meet new members under the spreading live oaks around the old Galilee Methodist Church founded by a Williams before most of today's generation was born.

It was because of this continued close harmony among the relatives that magazine writers dubbed the clan "The World's Happiest Family."

Highlighting the reunion will be speeches (and word-of-mouth rules) require them to be "Bawdy, God-fearing and Williamsy", prayers for the departed, meeting new relatives, and old-time dinner on the grounds.

Food is measured by the ton and served on a table five feet wide and 250 feet long.

The Williams clan, estimated at 25,000 in Florida alone, was founded by Andrew Elton Williams who settled in Jackson County in 1822 and sired 12 sons and 11 daughters.

Roscoe Legg, sanitation supervisor for the Palm Beach County Health Department, was the guest speaker at the meeting. He spoke on his duties in the entire Glades area. He spoke briefly and generally of the sanitation work carried out in the area.

It was announced that the annual Lions Club light bulb sale will be held October 1-8. This sale will be county-wide and the Pahokee Lions Club will be participating with the other clubs in the county. The sale assortment will be of various wattages with the price of each package of light bulbs \$2.06. J. S. Atkins was named chairman of the Light Bulb Sale.

Fish In Home County, Cane Pole, Need No License

A cane pole can save a fresh water fisherman \$3.00—that is if he is fishing in his home county in the county in which he lives.

If he crosses the county line to find a "better hole" he might as well have a spinning rod—says the Game and Fresh Water Fish Commission—because he then needs the standard \$3 license.

In a reminder to Florida's fresh water fishermen, the commission said the need for a fishing license depends on three things—where you fish—how you fish—and your age.

If you fish in your home county using anything but a cane pole—you need a license.

If you leave your county of residence or fish in a fish management area anywhere—you need a license.

If you are under the age of 15, or a resident over 65, regardless of where or how you fish—you do not need a license.

The standard \$3 license is issued annually. Also sold is a combination hunting and fishing license for \$10.50.

Have You Made Your Will? May be You Should!

GAINESVILLE, FLA.—Have you thought of making out a will lately? If you haven't, now is a good time to start.

Possibly one of the most unique bulletins ever published by the Florida Agricultural Experiment Stations handles just this topic—Making a Will in Florida for Agricultural and Other Interests.

And it's free for the asking.

Single copies of Bulletin 711, "Making a Will in Florida," are available from county offices of the Florida Agricultural Experiment Service, or by written request to the Bulletin Room, Florida Agricultural Experiment Stations, Rife Hall, University of Florida.

Author J. R. Greenman, who is an agricultural economist with the Stations, and also an attorney and member of the Florida Bar, says that frequently when estates are small or owned jointly by the husband and wife, the preparing of a will is questioned.

"But even under these circumstances it's usually best to have one made," he said.

The bulletin outlines general principles of law applicable to the kind of estate usually owned by the average person.

Subjects discussed in the Stations publication include advantages of a will, property that cannot be willed, what happens when

Pesticides Swallowing Causes Death

Swallowing or breathing pesticides will produce rapid and sometimes fatal results. But neither of these routes is responsible for a majority of the violent and poisoning cases involving spraymen in Florida.

Absorption of pesticide through the skin is actually the most dangerous source of poisoning for the applicator in the field, says Entomologist James E. Brogdon of the Florida Agricultural Extension Service.

"Even the most careless operator knows that these poisonous compounds shouldn't be swallowed or inhaled, but chances are he isn't aware of the gradual absorption of pesticides by exposed skin. This source of exposure has been responsible for many poisonings—especially those involving organic phosphorous compounds such as parathion," he said.

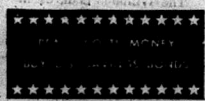

Brogdon cited research by the U. S. Public Health Service which points to the danger of prolonged skin exposure. Results indicate that in most field spraying over 97 percent of the pesticide that enters the body does so through the skin. The remaining 3 per cent or less can enter through inhalation.

Even if only a small fraction of the chemicals that come in contact with the skin are absorbed, it would still be much more than that which enters through inhalation, he said.

Almost all pesticide labels warn users of the danger of prolonged skin exposure, and labels on more toxic compounds even spell out certain kinds of protective clothing.

Ideally, foremen should see to it that their spraymen are covered from head to foot with waterproof clothing—hat, jacket, trousers, gloves, boots, respirator, and perhaps even goggles. This type of protection is advisable when highly toxic pesticides are used even though there may be some discomfort to the worker. The only skin area that is really exposed is some of the face or neck area, and the brim of the hat gives some protection to that area, he said.

you die without a will, information your attorney needs in drawing up a will, the providing of equitable treatment of heirs, procedures for changing a will and ways of cutting down on estate taxes which ultimately have to be paid.

Real Estate Course Given In Belle Glade

Palm Beach County Vocational Department will offer the following course at Belle Glade High School. The course includes a review of the Florida Real Estate License Law, and is designed to prepare students to take the state examination for real estate agents. Registration is scheduled for Monday, Sept. 8, at 7:00 p.m. at Belle Glade High School and will meet each subsequent evening from 7:00 p.m. to 10:00 p.m. The total hours for this course will be 45 hours.

This real estate course will include a lecture on Real Estate Law by a practicing attorney, and one or more lectures on Real Estate Ethics Code Interpretations. Those expecting to take the state examination for real estate license will be required to have the Florida Real Estate Handbook.

The first hour of each session will be of particular interest to those who desire a better understanding of what it means to own real estate, whether a home or for an investment. The principles used in the evaluation of real estate will be explained. Instruments of conveyance, encumbrance and rights of ownership will be discussed.

The last hour of each session will include weekly examinations for those desiring to obtain a real estate license.

There will be no tuition fee. A small registration fee for these classes, as well as book fees will be necessary. These class offerings are a part of the School Board's Vocational Education Program and is for adults, sixteen years of age or over, who are not currently enrolled in high school.

Want Foster Homes In Glades For Adults

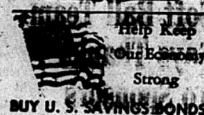

The Glades Office of the Palm Beach County Welfare Department is looking for suitable Foster Homes for Adults. They prefer homes that are owned rather than rented and with someone at home during the day as well as at night.

A homelike atmosphere with access to family activities is the most desirable requirement. In exchange for a room, meals and laundry, the County Welfare will pay \$106.00 per month, \$3.00 of which is given to the client for his or her own use.

These clients—sometimes need help for a few months while waiting for a State Welfare grant, Veterans Pension or Social Security to be issued. They may have been released from a hospital but have no relatives or friends to care for them until they are able to return to work.

There are no Foster Homes in this area and clients are reluctant to go to the coastal area of Palm Beach County as it is unfamiliar to them and they feel insecure away from the Glades area.

If you would like to discuss the Foster Home Program, telephone 996-5511, extension 55, and ask to talk with a Social Worker who will explain the program and answer any questions you might have.

Holmans Feted On Fiftieth Anniversary

The social hall of the Pahokee First Methodist Church was the scene Sunday, August 27, from 3:00 to 5:00 p.m. of an open house, honoring Mr. and Mrs. M. P. Holman, of 277 E. Main Street, Pahokee, of their 50th wedding anniversary. Their son and daughter-in-law, Mr. and Mrs. Howard Holman, of 277 E. Main Street, Pahokee, and their daughter, Mrs. Mary Ann Ford, of 277 E. Main Street, Pahokee, were the guests of honor.

On August 25, 1917, Miss Juliana Smith, daughter of Mr. and Mrs. A. B. Smith of Denver, Colorado, and Melges Forch Holman, son of Mr. and Mrs. Melges E. Holman, were married at the home of her uncle, W. A. Hill, at Ozark, Alabama. The same year Mr. Holman entered the U. S. Armed Forces and served with the 81st (Wildcat) Division in France during World War I. While in the service he participated in 11 major battles, and was wounded twice before he received honorable discharge from the Army in Europe in 1920 and was shipped back to the States from Le Havre, France.

Mr. and Mrs. Holman moved in 1944 from Thomasville, Alabama, to Pahokee, where he purchased Best Insulation Company and reorganized the company into a growers and ranchers supply house, known as Holman and Son, which he and his son, Howard, operated for several years. He is now local manager of Southern Mill Creek Products, Inc.

During their residence in Pahokee, both Mr. and Mrs. Holman have been quite active in church work as members of the Pahokee First Methodist Church. He was a member of the Official Board of the Church and has served as church treasurer for the past 15 years. She has been a leader in the Church's Woman's Society of Christian Service, serving as a W. S. C. S. circle chairman and as an officer of the W. S. C. S. in various capacities during the years.

Mrs. Holman is also a member of the Order of Eastern Star. Mr. Holman has membership in the Masonic Order at Royal Arch and Commander Lodge in Ozark, Ala., and Everglades Lodge No. 211 in Pahokee. He is also a member of Veterans of Foreign Wars, the Pahokee Rotary Club and is on the Board of the Pahokee Housing Authority. They have one son, and two grandchildren, Jim and Martha, all of Pahokee.

As they stood in the receiving line with their son and daughter-in-law at the open house Sunday afternoon, Mrs. Holman wore as a corsage a golden orchid with lavender throat, while Mr. Holman

Questions and answers about Freedom Shares.

Q. What are Freedom Shares?

A. They are the new U.S. Savings Notes—a companion product to the Series E Savings Bond.

Q. Who may buy Freedom Shares?

A. Any individual who purchases Series E Bonds regularly through a formal plan—either Payroll Savings where he works or Bond-a-Month where he banks.

Q. What is the interest rate on Freedom Shares?

A. 4.74% compounded semiannually, when held to maturity of 4 1/2 years. The rate is less if redeemed prior to maturity; and they may not be redeemed for at least one year.

Q. Does this same rate now apply to E Bonds?

A. No. E Bonds continue to return an average of 4.15% when held to their seven-year maturity.

Q. What do Freedom Shares cost?

A. They are issued in face amounts of \$25, \$50, \$75, and \$100. Purchase prices are \$20.25, \$40.50, \$60.75, and \$81.00.

Q. Can Freedom Shares be bought by themselves?

A. No. They must be bought in conjunction with E Bonds of the same or larger face amounts. For example, a \$25 Freedom Share may be bought with a \$25 E Bond, when on a regular plan. The total price would be \$39 (\$20.25 for the Freedom Share and \$18.75 for the Bond).

Q. Can I buy as many Freedom Shares as I want, as long as I buy E Bonds of the same or larger amounts?
A. No. On Payroll Savings, Freedom Share deductions are limited to \$20.25 per weekly pay period, \$40.50 per bi-weekly or semi-monthly pay period, \$81.00 per monthly pay period. On Bond-a-Month, the limit on Freedom Share deductions is \$81.00 per month.

Buy Bonds where you work.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars. A majority of our servicemen overseas are investing in U.S.

Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

Now—
U. S. Savings Bonds
Pay More Interest
4.15% when held to maturity
Higher interest on the
Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1963, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate. Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to re-dedicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant and dangerous war, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

NEW FREEDOM SHARES

What are they? Who may buy them?

Americans have put their savings to work for freedom through U.S. Savings Bonds for many years. New Freedom Shares do the same job . . . plus. Read how.

Freedom Shares are U.S. Savings Notes. They pay a higher return than Savings Bonds, 4.74% when held to maturity. And they mature in just four-and-a-half years.

For regular Bond buyers only

These new Freedom Shares—which are not redeemable for the first year—are offered on a one-for-one basis with E Bonds, but only to people who belong to the Payroll Savings Plan where they work or the Bond-a-Month Plan where they bank.

There are four denominations of Freedom Shares, each of which may be paired with a Series E Bond of the same or larger denomination, as a "package." For instance, for

\$39 total, you can purchase a Savings Bond that matures at \$25 and a Freedom Share that matures at \$25.

America needs your help

When you buy Savings Bonds and Freedom Shares you do an important job for freedom, backing our men in Vietnam and helping to keep the country economically strong. The need is urgent. What *you* do counts.

Sign up

Tell your supervisor or the Payroll Department where you work (or any officer where you bank) that you'd like to join a Bond purchase plan. Decide how much you'll save . . . whether you want Freedom Shares as well as Bonds . . . and just sign the authorization card.

You'll be helping your country as you help yourself; the country needs your help.
